EMPOWERING
CHANGE
GLOBALLY

We, M/s. Silvex Exports Pvt. Ltd have our roots dating back to 1996 when we started providing a power backup solution across all geographies in India and in diverse industries such as IT/ITES, Banking & Manufacturing ensuring minimal and or no down-time during power outages. Since inception our endeavor and strength has been in offering tailor made power backup solutions that are enduring and innovative, backed up with impeccable service support.

Moreover our 2+ decades of expertise in supplying and installing UPS batteries; has led us to be one of the preferred supplier for most of the large and global clients such as Concentrix, Siemens, HSBC, CtrlS, CBRE, JLL, Lupin, L & T, Honeywell etc. Our cost-effective solutions along with I & C support and advanced technological battery monitoring system has helped us achieve numerous satisfied customers and achieve a revenue of USD 11 Million. User experience for us is paramount and with our wide range of products and just in time delivery we have designed and carried out some huge installation bases in India.
